

## FROZEN PLAYER CONSENT FORM SOUTH CHEROKEE SPRING 2020

Head Coach \_\_\_\_\_ Age Group \_\_\_\_\_

### SC Frozen Player policy:

Direct relatives of coaches (son/daughter, or grandson/granddaughter) will automatically count as a frozen player on their team. Siblings playing in the same age group must be frozen as a pair. All frozen players shall remain on "frozen status" for subsequent Spring seasons as long as he/she remains in that age group (league). When a Head Coach does not return from a prior Spring season, or moves up into a different league, previously frozen players from that coach are eligible to be selected as frozen players by another coach. If player and coach decide to mutually break a "frozen status" while still playing in the same age league, that player must be placed into the draft and is not eligible to be selected as a frozen player by another coach or to be drafted by the coach from which the "frozen status" was broken. The following season that player will be eligible to be frozen again. **FROZEN PLAYERS MUST ATTEND EVALUATIONS.**

### Frozen Player No. 1:
